

Grants Workshops

Information Pack

IMPROVING GRANTS APPLICATIONS & COMMUNITY OUTCOMES

Redwoods Work Collaborative wants to see communities empowered & well-resourced so that everyone can thrive. We contribute to thriving communities via consultancy, research & innovative learning opportunities.

Our grants workshops are interactive, focus on the needs of the participants, and enhance quality of grant process, applications & community outcomes. You can expect the following from each workshop:

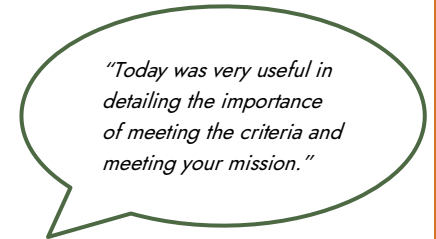

Accuracy & Relevance

- Evidence based & referenced information.
- Three levels of data collection before, during & after the event.
- Concise evaluation report.

Quality Grant applications

- Improved connection between funder & applicants.
- Best practice examples & local links.
- Workbooks & resources to enable implementation of learnings.

And an inclusive environment to connect, innovate, & share knowledge amongst peers.

"Today was very useful in detailing the importance of meeting the criteria and meeting your mission."

Workshop participant, North Sydney,
November 2023

DEMONSTRATING VALUE IN COMMUNITY & COUNCIL

Sustainable development requires collaboration, creativity & innovation. You & your participants are the experts in your community. Together we work on problems & solutions through co-design & collaboration.

Our work fits in with the Integrated Reporting framework, your Strategy & Sustainable Development Goals framework (<https://sdgs.un.org/goals>).

When working with us, you will be well informed & well connected with support from like-minded people from a range of professions, experience & backgrounds.
